Suggestions for Better Team Management

Some points that may assist us all in the smooth running of our teams.

- 🐾 Noted that it is Club policy that Player shirts are NOT to be worn to training and or on any day other than Game Day
- 🐾 A shirt washing roster is a handy tool to help the coach and manager. **RPFC Game shirts to stay with the team** and not the individual player and are to be distributed on game day.
- 🐾 A morning tea roster can assist the warm and fuzzy stuff needed to cement all the relationships.
- 🐾 All parents/carers/guardians or AA players should be encouraged to help when their team's canteen duty is on – **Canteen/BBQ duty is compulsory as part of the RPFC Registration – it's not hard and it's fun!**
- 🐾 Player and Trainer of the week certificates are a great reward for a job well done and should be awarded for great team effort, outstanding individual improvement regardless of skill level and the whole share the love scenario.
- 🐾 That one member on the sideline (not Coach or Manager) should be appointed to supervise the behaviour of all parents/extended family/ spectators at the game. These should observe and report only and not enter conflict. All matters need to be communicated via Coach/Manager to the Committee and then to NWSF for an appropriate outcome.
- 🐾 That the canteen is our point of contact for the RPFC Team Pigeon Hole distribution – located next to the RPFC lock up. The Team Pigeon Hole should be visited by Coach/Manager OR team contact as early as possible after 7.30am on Saturday. There is usually a BBQ from 8.30am and that families should be encouraged to fuel up!
- 🐾 The wet weather web site from Ryde Council is an invaluable source of information, See the link on the Ryde Panthers Website or below. RPFC always adheres to council advice to preserve the integrity of playing fields. Council has the last word on grounds availability. The wet weather website is updated by 3pm on weekdays and by close of business on Fridays <http://www.ryde.nsw.gov.au/Recreation/Parks-and-Sportsgrounds/Sportsground-Status>
- 🐾 **Always assume game on unless otherwise informed by Committee.** This will save a lot of confusion!
- 🐾 Coaches/Managers arm bands need to be worn at all times during a game.
- 🐾 Coaches and Managers should make themselves known to the opposition well before the game to Dribl and discuss any issues on the day. To engender the Panthers good sportsmanship ethos, for all home games up to 11.30am kick off, an AWAY TEAM MIGHTY PANTHER COMBO VOUCHER will be made available in your team pigeon hole to give to your opposition for them to use at the canteen.
- 🐾 Refs are not usually provided for the MiniRoos games and the common convention is that someone from each team should put their hand up to ref a half. Set up the culture early! **Remember to have a whistle in the kit.** In the spirit of RPFC sportsmanship the opposition should always get a loud 3 cheers and the handshake eye ball thing needs to be encouraged!
- 🐾 For U10+ referee's are allocated.
- 🐾 Standard accessories for each player should be: Boots, Shin Guards, Water, Sunscreen, Cap, Ball and Panthers Shorts and Socks.
- 🐾 Please advise all players that they need to develop a culture within their teams that punctuality is paramount. Arrival time should be a *minimum of 30 minutes before kickoff so that adequate warming up can be had and players and Coaches can confer as a group to discuss team tactics for the day* and assist in the organizational process. Also, players should be encouraged to arrive at training 5 minutes prior to commencement.
- 🐾 **For MiniRoos and Youth teams - No less than 2 adults should be present at training or game day** for the duration of either or until all participants are collected by parents.
